Cathy:

Thanks for the opportunity to reconnect with our Superfund partners yesterday. We had a follow on meeting with the Brownfields team and one of the topics discussed was additional FTE for technical support for EPA R6. Mary and Karen indicated a potential need for 1/2 USACE FTE to support BF. Based on some of the discussions, we believe SF may realize some benefit from sharing a dedicated USACE FTE. This concept and relationship has worked well at other EPA Regions (i.e. R9). In fact, two full time FTE's sat at R6 and supported both OPA and SF for almost nine years.

EPA HQ and USACE HQ have an IA in place for Program and Technical support to EPA SF. I'll check w/our HQ to see what options are available to us in this regard. Please forward this message to Carlos, John and Carlene (I did not have their email addresses).

Also, attached is the ppt presentation from yesterday. Please don't hesitate to call me, if you have any questions.

Thanks
TONY

Carl may possibly be there for a very short time, but generally he does not stay long and is unpredictable as to

9789574

timing.

Cathy

Cathy:

Sure thing. I need to confirm a few more attendees (I expect 4-5 attendees).

Confirmed are:

Tony Roberson

Larry Leahy

Can you let me know, if Mr. Edlund will be attending.

Thanks

TONY

Tony,

I need to let our management people know the names of all who are coming to the RPM meeting here on September 16. Could you send me a list?

Cathy
